

Programme of the EBA conference 2018

Greening Gas

Wednesday, January 24, 2018

Opening Plenary Session - Political Affairs		
No.		
1	Welcome, Dr. Jan Stambasky , President of EBA	
2	Province of Antwerp, Ludwig Caluwé	
4	GRDF, Guillaume Virmaux <i>100% renewable gas scenario in France by 2050</i>	
Opening of the poster session (animation)		
COFFEE BREAK		
Sponsor animation		
4	European Commission, Speaker to be announced	
5	Member of European Parliament, to be announced	
Lunch		
Break-out sessions		
No.	Greening gas from regional perspective Chair:	Best AD practices for biowaste treatment Chair: Philipp Lukas
1	GIE Jean- Marc Leroy	DBFZ Jan Liebetrau <i>Emissions from biogas plants: methods for measurement, results and overall evaluation</i>
2	ONTRAS Ralph Bahke <i>ONTRAS experience in biomethane transport in a transmission system.</i>	Carbotech Alfons Schulte-Schulze <i>Biowaste to BioCNG - Challenges, Experiences and Opportunities</i>
3	Swedegas Maria Gustafsson <i>Greening gas into the Westcoast grid of Sweden; examples and challenges</i>	BTS Michael Niederbacher <i>acquaEXTRUSION – A new solution for a new biogas era</i>
4	Speaker to be announced	OWS Bruno Mattheeuws <i>Production of biogas and clean compost out of mixed MSW - a giant leap towards zero waste</i>
Coffee break		

No	<i>Biomethane in transport</i> Chair:	<i>Power-to-gas</i> Chair: Jan Stambasky
4	NGVA Europe Andrea Gerini <i>Renewable gas: a fast driver to transport decarbonisation</i>	Uniper Sabine Augustin <i>Why Europe needs a smart energy transition</i>
5	Speaker to be announced	Sweco Farzad Mohseni <i>Power-to-gas plant in Gotland</i>
6	Agraferm Markus Ott	Electrochea Markus Forstmeier <i>Demo plant and project</i>
	Kalmar Länstrafik Sweden Yvonne Aldentun <i>Fossil fuel-free public transports in Kalmar County, Sweden</i>	Viessmann Group Doris Schmack <i>Greening the gas grid: the opportunities of biological methanation</i>
Conference dinner		

Thursday, January 25, 2018

Break-out sessions		
No.	<i>Cross-border trading of biomethane (ERGaR)</i> Chair: Attila Kovacs	<i>Gasification from R&D to commercialisation</i> Chair:
1	REDcert Peter Jürgens <i>Challenges in verification of biomethane sustainability for cross-border trade</i>	KIT Karlsruhe Institute of Technology Reinhard Rauch <i>Gasification state of the art overview</i>
2	Energienet.dk / ERGaR President Jeppe Bjerg <i>ERGaR – European initiative for cross border biomethane administration</i>	Chalmers university Speaker to be announced
3	DENA Matthias Edel <i>Bilateral agreements between biomethane registries supporting cross-border biomethane transactions.</i>	ENGIE Olivier Guerrini <i>Industrialization of 2nd generation Biomethane, key factors and ongoing projects</i>
4	AGCS Andreas Wolf <i>Trading biomethane certificates in Europe - possibilities and limitations</i>	ECN Christiaan van der Meijden <i>Biomethane via gasification for R&D to commercialization</i>
Coffee break		

**EBA**

Conference of the European Biogas Association

JANUARY 24 - 26 2018**ANTWERP****REGISTER NOW**

	<i>New market opportunities</i> Chair:	<i>Biomethane as building block for the chemical industry now and in the future</i> Chair: Theo Verleun
No.		
1	BiogasAkademin Jan Rapp <i>Re-branding Biogas in Sweden - please try at home!</i>	Ligaros Theo Verleun <i>The role of CH4 as building block for the chemical industry</i>
2	HKScan Patrik Holm-Thisner <i>Industries using methane as educt for various chemical processes</i>	OCI-Nitrogen Klazien Ebbens <i>A lower carbon footprint for OCI Nitrogen by using Biogas as Energy or as Building Block – what are our challenges?</i>
3	University Ghent + Biorefine Cluster Europe Erik Meers <i>Digestate upgrading to fertilisers</i>	Grillo-werke GmbH Ingo Biertümpel <i>MSA a new acidifier based on (green) CH4 – outlook</i>
4	NIOZ Royal Netherlands Institute for Sea; Research Professor at Groningen University Klaas Timmermans <i>Seagriculture for renewable energy</i>	BASF Speaker to be announced <i>The role of biomethane as chemical building block and for energy in BASF</i>
Lunch		
Closing Plenary Session - Policy and Industry		
No.		
1	<i>Co-host</i>	
2	Director DG ENER Greening the European grids	
Coffee break		
3	Gasum, Matti Oksanen <i>Greening Gas Supplies</i>	
4	DONG Energy, Niels Henriksen <i>REnescience – increasing biogas yield from municipal solid waste Denmark</i>	
5	SCANIA, Jonas Strömberg <i>Green Mobility</i>	
	Poster Award Ceremony; Moderation: Erik Meers	
	Conclusions; EBA, Jan Stambasky <i>Conference closing remarks, insight into the next EBA conference 2019</i>	
Poster award celebration drinks
