IPT 2023 – World's largest Demo Show for Composting and Biomass Treatment

Venue: **MA 48 Kompostwerk Lobau**

Lobgrundstraße

1220 Vienna, Austria

Time: **7th of september 2023, at 8.30 a.m.**

The Compost & Biogas Association Austria invites you to the performance show of the industry at the Lobau in Vienna. Here, innovations are presented, trends set and visions discussed. In Austria, the compost product is currently produced each year from around 400 compost plants from around 1,56 million tonnes of biogenic waste. The development of new technologies through innovative partners-hips between plant operation and plant engineering has made possible the progress that has been made so far in the field of composting. Leading suppliers present to an international audience mobile

machines for biomass comminution, the latest techniques in the fields of transferring, screening, measuring and regulating, manipulating and transporting. Visit and admire the exhibiting companies and their innovative products. The event is aimed at all practitioners: plant operators, waste handlers, waste management associations, farmers, contractors, planners, manufacturers, compost-interested and commercial enterprises.

Tip: „KompOskar“ 2023/2024

For the fifth time this year, the KompOskar will be awarded for composting. Who produces the best compost in Austria?

Program

kompost
& biogas
verband

The Organic-gardener, author and ORF presenter
Karl Ploberger leads through the program and the
Demo Show.

8.30 a.m.

Access plan

MA 48 Kompostwerk Lobau

Lobgrundstraße
A-1220 Vienna

The venue is not very accessible by public transport. Therefore we have set up a shuttle service from the U2 station „Donaustadtbrücke“ or the Park and Ride „Donaustadtbrücke“ and back.

If you arrive by car build a carpool if it's possible. There are no parking spaces on site. The nearest parking area is at the Park and Ride „Donaustadtbrücke“. Parking along the „Raffineriestrasse“ is only possible with a valid parking ticket and only to a limited extent.

The site is largely barrier-free.

Arriving by train:

From Westbahnhof with U3 to „Stephansplatz“ ->

U1 to „Praterstern“ -> U2 to „Donaustadtbrücke“

From the Main Station with U1 to „Praterstern“ ->

U2 to „Donaustadtbrücke“

Then shuttle from „Donaustadtbrücke“ to the event location and back.

Film tip: The way to valuable compost and the organic recycling bag simply explained.
